Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The amendment independent claims 1 and 12 are now limited to the formation of a body contact region entirely in a first portion of the silicon component of the SOI region. This feature is distinguished from the teaching of Kim et al. (US 6,521,959), wherein the body contact region 1e is not entirely formed in the silicon layer 1 of the SOI substrate. Claims 1 and 12 and their dependent claims are therefore allowed over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
